

ISSYE LAILIYAH

As an incoming second-year student at MMU specializing in Cybersecurity, I have a robust background in C++ programming, which has honed my logical thinking, problem-solving, and coding skills. My experience in developing efficient code, debugging complex issues, and understanding intricate systems has ignited my passion for cybersecurity and the exploration of software vulnerabilities. I am enthusiastic about leveraging my technical skills to engage in real-world projects, focusing on network security, encryption, and ethical hacking. My strong work ethic, keen attention to detail, and dedication to solving complex problems position me well to make valuable contributions during my internship. I look forward to collaborating with industry professionals, expanding my knowledge, and growing as a cybersecurity enthusiast.

Academic Experience

2023-2027

Multimedia University (MMU)

- Currently pursuing Bachelor of Computer Science
- Recipients of MMU Merit Scholarships
- Participants of Government Linked University (GLU) Young Leaders Summit

2021-2022

Kolej Matrikulasi Kelantan

CGPA: 3.88
